Y. W. C. A. NOTES.

After a two weeks' vacation, the domestic science class met last Friday night to resume work. There are but two lessons remaining in the course and it is desired to complete the work. Enrollment for the new class may be made at the Brooks Arcade office or by telephone.

Every member of the association, as well as those who have come in touch with the work through the cafeteria luncheons regrets very much the illness of the president, Mrs. E. B. Critchlow and are hoping for her speedy recovery.

Vesper services are being held here in the Brooks Arcade rooms Sunday afternoon at 5 o'clock. Oscar Cox, secretary of the Y. M. C. A., was the speaker at the service yesterday.

The Bible study class will meet tonight to continue the work in the line of the new class. The French and German classes have been reorganized and the work resumed. Anyone wishing to enter the classes may secure information concerning it through the general secretary, Miss Mabel Johnson.

A SPRAINED ANKLE.

As a rule a man will feel well satisfied if he can avoid an accident in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may be effected in less than one week's time, and in many cases within three days. Chamberlain's Liniment affords great relief in cases of chronic and muscular rheumatism. Twenty-five and fifty cent bottles. Sold by all druggists.

ELKS EXCURSION TO THE PACIFIC

"Purple Specials" Will be Run to San Francisco and Then to Los Angeles.

BIG BUNCH OF BOOSTERS

Over One Thousand Seekers After Pleasure Will Make the Trip, Leaving Here Feb. 5.

That it will take something more than the washout of a few miles of track to prevent the Salt Lake Elks from making their annual excursion to California is attested by the announcement that the big "purple specials" will leave Salt Lake City from the Union depot on Feb. 5 and go to San Francisco over the Southern Pacific. On board there will be at least 1,000 enthusiastic Elks and their friends, and this year's excursion of No. 85, B. P. O. E., will be the best in the history of the popular excursions. Those who want to go on to Los Angeles may do so. The fare is just the same as if they had gone first to Los Angeles and then to San Francisco.

On each section of the specials, which will be made up of the finest Standard Pullman coaches, there will be two diners and an observation car. The trains will be hauled by the best engines on the road and the crews will be picked from the most reliable men in the employ of the companies.

To Secy A. W. Raybould belongs the chief credit for this and previous excursions, as he has practically fathered them.

Scarcely had the news of the washout on the Salt Lake Route been received and the idea of the extent of the damage done obtained, before Mr. Raybould got busy with the committee and with railway officials and after two or three conferences his face was beaming with smiles and he got busy making reservations.

Besides being an Elks' excursion, the trains will haul big bunches of boosters for Utah and for Salt Lake City. The "purple specials" will arrive in Sacramento at noon Sunday, where the visitors will be royally entertained by local Elks and the Commercial club. Oakland and San Francisco come next and there will be entertainment in plenty. Los Angeles will also be visited and many will take advantage of the offer for a trip to Honolulu. In the Golden Gate city, the party will be conducted through the mysteries of Chinatown, and the visitors will be shown everything worth seeing.

The committee in charge of the excursion is composed of the following: Exalted Ruler James Collins, Secy. W. Raybould, A. J. Davis, F. T. Collins, Charles F. Warren and E. B. Erwin.

UTAH DEBATING TEAM. Meets Oregon on Question of Interstate Corporations.

Hugh B. Anderson and Lloyd Hammen, with L. Tom Perry, alternative, make up the University of Utah debating team that goes to Oregon this week to meet the Oregon boys on Jan. 14. The subject for debate is "Resolved: That all corporations engaged in interstate business, shall be required to incorporate under federal law, it being understood that such legislation shall not be unconstitutional, and that a system of federal license shall not be available as an alternative." The Utah boys will take the negative side of the question. Last year in Salt Lake the Oregon lads were defeated by Utah, and considering the strength of the team this state is sending to the northwest.

BOARD ELECTION TUESDAY. Little Doubt but That Entire Roster Will be Returned.

The city board of education will hold a meeting Tuesday night for the purpose of electing officers for the next two years. There is but little doubt that the present officials will be re-elected. James T. Hammond is president, C. S. Martin, vice president, S. A. Whitney, treasurer and L. F. Judd, clerk. Mr. Judd has been clerk of the board for the past six years and has given perfect satisfaction. Mr. Whitney has also been treasurer of the board for several years and no candidate has been mentioned for the place except him. Both Mr. Hammond and Mr. Martin were recently chosen president and vice president respectively and will undoubtedly be retained. At the meeting Tuesday night the date of the special school bond election for the issuance of \$750,000 in bonds for the building a high school will be set.

RAISE IN BUSINESS SECTION.

Assessor Amos Gabbott Starts Work Of Making Assessments.

Fifteen deputy assessors begin this morning on the tedious but important work of assessing valuations in Salt Lake City. It will take two months to complete the work. Another corps of assessors will be detailed in the country outside of the city, the first part of February. Assessor Amos Gabbott says that valuation will be raised about \$750,000 in the business district of Salt Lake. Very little increase will be made in residence property or in the country.

FIRE UNDERWRITERS MEET.

Elect Officers, Feast and Talk for Mutual Edification.

The local fire underwriters' association chose these officers Saturday evening at the Commercial club for the year: C. W. Johnson, president; L. E. Evans, vice president; W. E. Coulam, secretary; James W. Collins, treasurer; E. B. Palmer and T. S. Anderson, members of the executive committee. There were 65 persons present, with T. A. Wakeling as toastmaster, and the following guests responding to toasts: Mayor John S. Bramble, R. W. Sloan, Heber J. Grant, L. B. Rogers, F. E. McGurran, Karl A. Scheid, Willard Done, Gier Miller and Julius Young. Mayor Bramble assured the association of his readiness to co-operate at all times in all measures tending to increase fire protection within the city and lessen the fire risk. By a rising vote the association expressed regret at the resignation of Karl A. Scheid from the management of the Pacific Board of Fire Underwriters, their thanks for his past co-operation in the advancement of fire insurance interests and extending best wishes for his future.

Mrs. Elizabeth Coray who has charge of the advance sale for the Symphony orchestra concert reports that already several parties have been made up for the concert, while the sale of single tickets also has been large. A branch will be organized this week and Mrs. Albritton wishes all those who are desirous of joining the league to confer with her at the home of Mrs. Bonnemort.

The Daughters of Utah Pioneers have a new badge in the form of a tiny oval with a white center, the center, embossed in sage green, and with the society initials in gold letters. The design is emblematic of the journey across the desert and the untiring industry which has converted the valleys from the sage brush to the rose.

Mr. and Mrs. Russell C. Schuler leave shortly for Mrs. W. H. Dickson at Santa Barbara for the winter.

COUNTY PHYSICIAN RETURNS. Will Recommend Establishment of Hospitals at an Early Date.

Dr. T. G. Odell, county physician, returned Saturday from Los Angeles, San Francisco and other coast cities where he has been looking into the hospital conditions, for the benefit of Salt Lake City and county. He declares that the city needs a receiving hospital at the police station and the county a general hospital for the care and attention of patients. At present the city and county are at variance in emergency cases. For this reason the patients are sometimes neglected. Dr. Odell is anxious to have established both an emergency and a general hospital.

Dr. Odell will lay his plans before the county commissioners as soon as possible because the county now sends its patients to the Holy Cross hospital, but this is found to be expensive.
